## CASCADING COMBINATION GRAPHICS GAME

### Play instructions:

1. Cascade combination. Give a card with a complete painted egg. Set an observation time and a memory time. Ask the child to find the composition of the painted pattern from the transparent card and stack it together to confirm the comparison. Exercise children's observation, memory, spatial association and concentration.
2. Design Egg with transfer stickers. Observe the painted eggs on the front of the paper card, find the corresponding rub on transfer pattern, cut it off, and rub down the pattern with a wooden stick in the blank egg shape on the back of the card. Exercise children's observation, memory, spatial association and hands-on ability.
3. Packaging box transformation. Take out cards and stickers, open the box from the left side of the box, flip it and fold it, and get a rabbit shaped storage box that can hold cards, pencils, small objects, etc.. Not only exercise the children's hands-on ability, but also can cultivate children's environmental protection and saving habits.
